**Minutes of the meeting of Training Programme Approval Committee (TPAC)
for FY 2026-27 organized on 19.03.2026 under the Chairmanship of
DG (Data Governance), MoSPI**

A meeting of the Training Programme Approval Committee (TPAC) for the FY 2026-27, was organized under the Chairmanship of Director General (Data Governance), MoSPI on 19th March, 2026 at Conference Hall, K L Bhawan, Janpat Road, New Delhi. The list of participants of the meeting is given at **Annexure-A**.

2. At the outset, ADG, CDD & DIID, MoSPI welcomed the Chairman and members, and briefly highlighted the need for major changes in the training programmes based on earlier discussions and feedback from programmes conducted in FY 2025-26.

3. The Director General (Data Governance), during his address, again welcomed the participants of the meeting and advised the members of the Committee to examine the agenda items in the context of the growing relevance of Artificial Intelligence (AI), data harmonization, emerging technologies and the use of alternate data sources in the present scenario of data driven decision making. He further suggested that additional meetings of the Committee may be convened during the year to incorporate new courses relevant to the participants.

4. DDG, NSSTA has made the detailed presentation on the changes proposed in the training programme of ISS Officers, SSS Officers and for others. The action taken/achievement made by NSSTA during 2025-26, was appreciated by all the members. During the discussions on agenda items, emphasis was made on new inclusions proposed in the training programme for FY 2026-27.

5. Based on the previous discussions and feedback received in training programmes, **the key changes made in the training programme for FY 2026-27 is given as follows:**

A. MCTP (changes proposed in comparison to TPAC 2025-26)

- **For MCTP Phase I**, the one week offline course on “Foundation Course on Machine Learning using Python” has been replaced with a twelve weeks course on “Handling Large-Scale Data and Data Analysis using R and Python”. Similarly, the “Foundation Course on AI & Big Data” has been replaced with a course on “AI-ready and machine-readable data”.
- **For MCTP Phase II**, the course on “Recent Developments in Survey Methodology with applications” has been updated to include the use of alternate data sources, and is now proposed as “Recent Developments in Survey Methodology and use of alternate data sources”.

(Note: the changes made may be seen in Serial No. 1, 2 and 6 of Annexure II)

B. ISS Refresher Training Programme :

- **Domain Specific (Core) Training Programme :** New topics have been included in the ISS Refresher - Domain Specific Training (Core) Programme for FY 2026-27. Based on the recent demands of data and involvement of Artificial Intelligence, training programmes on emerging topics, viz., “Harmonization of datasets to improve interoperability, integrity, for improved analysis”, “AI-ready and machine-readable data”. Courses on “Social and economic impact evaluation”, “Role-based training for officers on promotion”, “Implementation of Collection of Statistics Act, DPDP Act & Cyber security”, “Data Driven decision making using data analytics”, “Administrative Data for

Policy Formulation/ decision making” and course on “Economic concepts related to consumption expenditure, labour statistics etc.” were also included.

- **Behavioural and Functional (Non-core) Training Programme :** New topics have been included in the ISS Refresher – Behavioural & Functional (Non-Core) Training Programme for FY 2026-27, which include training on “Public procurement and financial management”, “Parliamentary procedures and preparation of Cabinet Notes, EFC, noting & drafting, and the Manual of Office Procedure (MOP)”, “Vigilance and court-related matters, including drafting para-wise remarks and use of platforms such as LIMBS, CPGRAMS, and RTI”. It also covers training programmes offered by DoPT and reputed institutes like IICA, ISTM, and AJNIFM during FY 2026–27, with sponsorship by NSSTA for eligible ISS officers. Further, some functional programmes like, “Mechanics for survey design and data collection”, “Research and Communication using official data”, and wellness programmes such as “Yoga and Vipassana”, was also included.

Note: It has been decided during previous discussions that core training (functional) programmes along with MCTP courses would be the pre-requisite for confirmation of nominations in non-core (behavioural) training programmes (S. No. 29 and 31 of Annexure III).

(Note: the changes made may be seen in Serial No. 1, 2, 7, 8, 9, 11, 12, 14, 20, 23, 24, 26, 27, 28 and 30 of Annexure III)

C. ISS Probationary Training Programme

New topics were introduced in the ISS Probationary training programme, which are, “Basic economics”, Communication & Etiquettes”, “Implementation of the Collection of Statistics Act and DPDP Act”, “Application of GIS, remote sensing, and geospatial technologies. In advance IT training programme, emerging topics were included which are, Big data and artificial intelligence using Python, Machine learning, Data harmonization with interoperability, topics on AI-ready and machine-readable data, Metadata and MDDS. These days it is relevant to give exposure to alternate data sources, for which topics on using alternate data is also included viz, scanner data, mobile data, GIS, nightlight data and web-scraped data for policy formulation. In addition, the programme also include topics on “National & internal security, data security and forensic science”, Macroeconomic diagnostics (MDS) and financial programming and policies (FPP), as well as ethics and integrity in public service.

(Note: the changes made may be seen in Serial No. 1, 7, 12, 20, 21 and 22 of Annexure VI)

- ### **D. Training Programmes for Induction of Junior Time Scale (JTS) officers promoted from SSS :** In IT module exposure to Artificial Intelligence, Data Harmonization and use of AI tools is introduced in the training programme.

(Note: the changes made may be seen in Serial No. 4 of Annexure VII)

E. SSS Refresher Training Programme

Topics on “National Security System and Cyber Security”, “Office Procedures” and “Ethics & Integrity in Public Service” is introduced in the training programme for FY 2026-27.

(Note: the changes made may be seen in Serial No. 6, 10 & 12 of Annexure IX)

Discussions

6. Detailed discussions were carried out on the above changes proposed in the training programme. During the discussion, ADG, CQCD, MoSPI has suggested to include training programmes on communication and etiquettes in the ISS Probationary Training Programme.

(Note: the changes made may be seen in Serial No. 1 of Annexure VI)

7. The Director General (Data Governance) suggested including a Data Handling Training Programme in the ISS Refresher Training Programme and making presentations by ISS Probationers mandatory at the institutes they attend for various courses.

(Note: the changes made may be seen in Serial No. 5 of Annexure III and Note of Annexure VI)

Decision

8. **The Committee unanimously approved all agenda proposals and suggested to include comments of members provided during the meeting. The agenda-wise decisions of the TPAC have been incorporated into the Training Programmes for FY 2026–27 and are detailed in Annexure–B.**

9. The meeting was concluded with vote of thanks to the Chair and all the members present in the meeting.

Annexure – A**List of participants of TPAC Meeting organized on 19th March, 2026**

1. Shri. P. R. Meshram, DG (Data Governance), MoSPI – Chairman
2. Shri. Chandra Mani Sharma, ADG, CQCD, MoSPI
3. Shri. R. Rajesh, ADG, CDD & DIID, MoSPI
4. Dr. Jitendra Singh Tomar, DDG, NSSTA, MoSPI
5. Shri. Kumar Sundaram, Director, DoHFW, M/o HFW
6. Shri. Vivek Srivastava, Director, NSSTA, MoSPI
7. Shri. Santosh Kumar Gupta, Director, NSSTA, MoSPI
8. Shri. Shiv Balak Verma, Director, NSSTA, MoSPI
9. Shri. Ankur Kumar, Joint Director, NSSTA, MoSPI

Annexure – B**Details of Decisions taken by Training Programme Approval Committee (TPAC) during its meeting dated 19.03.2026**

The Training Programme Approval Committee (TPAC), reconstituted on March 12, 2025, is responsible for reviewing and approving the structure, content, and scope of all training programs conducted by the National Statistical Systems Training Academy (NSSTA). This includes capacity-building initiatives for ISS and SSS officers, training on official statistics for Central and State/UT Governments, PSUs, and autonomous bodies, as well as workshops, seminars, and awareness programmes for academic and industry stakeholders. The composition and terms of reference of the Committee is provided in Annexure I.

In the meeting, a brief account of the actions taken on the TPAC's recommendations regarding training programs for 2025-26 and proposals for 2026-27 was submitted for the Committee's consideration. The following agenda items were placed, including the action taken during FY 2025-26 as Agenda Item No. 1.

Sr. No.	Agenda Item No.	Subject
1	I	Action taken on the recommendations of TPAC for FY 2025-26
2	II	Refresher training programmes for in-service ISS officers
3	III	Training Programme of ISS Probationers
4	IV	Induction training of JTS-level officers
5	V	Induction training programme for SSS officers (JSOs)
6	VI	Refresher training programmes for in-service SSS officers
7	VII	Training programmes for State DES officers/officials
8	VIII	Demand-based Training Programmes for State DES/Line Ministries/Departments
9	IX	ISEC, ISI Kolkata training programme
10	X	Training programme on “National & International Statistics” for M. Stats. students of ISI
11	XI	Awareness programmes to popularize Official Statistics
12	XII	Awareness programmes/workshops/seminars/Panel discussions for in-service ISS / SSS/other relevant officers
13	XIII	International trainings
14	XIV	Training for Officers of NSSTA and Zonal Offices
15	XV	Training of officers of CSS/CSSS/CSCS/FOD officials of MoSPI
16	XVI	Organising any training programme recommended by the Competent Authority/ Senior Officers of MoSPI/ As per requirement of NSSTA
17	XVII	Any other matter with the permission of the Chair

2. Agenda Item – I**2.1 Action taken on the recommendations of TPAC for 2025-26**

NSSTA has conducted a broad spectrum of training programmes aimed at enhancing the statistical expertise, managerial skills, and technical competence of ISS and SSS officers. These programmes focused on strengthening professional capabilities and adapting of emerging developments in data and technology.

A summary of the key training activities undertaken during the FY 2025-26 is as follows:

Sl. No.	Type of Training	TPAC 2025-26 recommended	Trainings conducted (% over recommended)	Participants	Total Weeks

Decisions of TPAC on Proposals For FY 2026-27

The Committee unanimously approved all the proposals given in following Agenda items presented before the committee:

3. Agenda Item No. II: Refresher training programmes for in-service ISS officers

3.1 Mid-Career Training Programme (MCTP) To be conducted as per the MCTP policy.

The Mid-Career Training Programme would be mandatory for all eligible nominated ISS officers. There are three phases of the policy of MCTP:

- a. First Phase
- b. Second Phase
- c. Third Phase

- a. *First Phase of MCTP:*** This phase is for ISS officers with 8-10 years of service. Training under this phase would be on the basis of the Cohort-Based Training Programme (CBTP). CBTP would be completed in the following three stages:

(i) Stage 1 (Online Course of Machine Learning using Python for 12 weeks);

[Proposal: It is proposed to replace this programme (Online Course of Machine Learning using Python for 12 weeks) with Course on “Handling Large Scale Data & Data Analysis using R and Python” in hybrid mode with a duration of ten weeks online and two weeks at campus, to be organized in the FY 2026-27.]

(ii) Stage 2 (Foundation Course for two weeks AI, Big Data, Blockchain, etc.); and

[Proposal: It is proposed to replace this programme (Foundation Course for two weeks AI, Big Data, Blockchain, etc.); with Course on “Artificial Intelligence (AI) ready Data, Machine readable data” with a duration of one week offline, to be organized in the FY 2026-27.]

(iii) Stage 3 (Foundation Course for one week on Management)

All the stages would be completed in sequence. The batch size of CBTP would be 20-25 officers. After completing Stage 1 by the said cohort, the participants would move to Stage 2 and Stage 3.

- b. *Second Phase of MCTP:*** This phase is for ISS officers of 15-17 years of service. This phase of MCTP comprises the following four programmes of one-week duration each:

- (i)** One-week training programme on Design, Evaluation, and Execution of Projects
- (ii)** One-week training programme on the Advanced Management Programme
- (iii)** One-week training programme on Recent Developments in Survey Methodology with applications.
- (iv)** One-week exposure to National Statistics Offices of developed countries. (This could be considered as a one-week foreign component.)

[Proposal: It is proposed to replace the training programme i.e. One-week training programme on Recent Developments in Survey Methodology with applications with Course on “Recent Developments in Survey Methodology and uses of alternate data sources” with a duration of one week offline, to be organized in the FY 2026-27.]

[Proposal: DoPT has, vide its OM No. 16017/12/2020-iGOT dated 01.04.2021, informed to all CCAs & CTIs that no Foreign Training shall be conducted until further orders. Hence, it is proposed to conduct this programme in 2 parts: a 1-week training programme on Design, Evaluation and Execution of Projects and a 1-week training programme on Advanced Management Programme will be conducted in one go. Another two weeks of training, including 1- week “Recent Developments in Survey Methodology and uses of alternate data sources” and 1- week exposure to National Statistics Offices of developed countries will be conducted in another go in the FY 2026-27. However, when Foreign Training will be allowed by the Government then only those officers shall be considered for exposure to National Statistics Offices of developed countries who have completed the other three components. The Survey Methodology with Applications using alternate data sources, along with exposure to National Statistics Offices of developed countries, will be conducted through SOSU, ISI Kolkata.]

c. Third Phase of MCTP: This phase of MCTP is for ISS officers of 23-28 years of service. The eligibility condition includes 3 years of service left. This phase of MCTP would be for a duration of two/three weeks without any foreign component. It comprises:

- (i) One-week training on Leadership and Strategic Management
- (ii) One week on Managing ICT projects
- (iii) One week on Current Economic Issues.

[Proposal: Programmes proposed under MCTP for FY 2026-27 are placed at Annexure- II (p.11). It is proposed to organize MCTPs during FY 2026-27, subject to the availability of eligible officers as per the approved MCTP policy. An officer who has less than three years of service after the year in which he/she has been slotted to undergo any phase of MCTP would not be deputed for the training, and therefore the officers retiring before 31st December, 2029 need not be nominated for the proposed training Programme. However, if required, an adjustment/relaxation in the eligibility criteria may be done by NSSTA to utilize the resources optimally.]

[Proposal: It is proposed that one batch of each phases of MCTP would be conducted in the FY 2026-27.]

3.2 Refresher Training Programme for in service ISS Officers

3.2.1 It is meant for all levels of ISS officers based upon their willingness. The courses for Refresher Training Programmes have been prepared based on the Statistical Training Needs Assessment Survey (STNA) done by NSSTA in collaboration with CBC. The details of course content and proposed institutes for the same may be seen at **Annexure- III**.

[Proposal: It is proposed that at least four Refresher Training Programmes to be organized at NSSTA and/or other prestigious institutes during the financial year 2026-27. The batch size will be 15-25. Also, an officer who has less than one year of service after the year in which he/she has been slotted to undergo the training would not be deputed for the training and therefore the officers retiring before 31st March, 2027 need not be nominated for the proposed training Programme.]

3.2.2 It is also proposed that lateral entrants and other equivalent level officers of MoSPI may also be invited to participate in relevant refresher trainings as and when required; with the approval of DDG(NSSTA).

3.3 In-Service Training (IST) Programmes offered by DoPT during FY 2026-27- Sponsorship by NSSTA for eligible ISS officers for select Programmes

DoPT offers a series of in-service training programmes (IST) for officers of the All India Services (IAS, IPS, IFoS), Group 'A' Central Civil Services, officers under the Central Staffing Scheme, as well as CSS/CSSS officers (at the level of Deputy Secretary/Sr. PPS and above), during the financial year 2026–27, at various premier training institutes across the country.

Based on the list of IST programmes organized by DoPT, selected training programmes to be identified by NSSTA and financial and administrative approval to be taken for in-service ISS Officers. It may be noted that **the payment of course fee of selected residential IST programmes, including boarding & lodging charges, will be borne by NSSTA for the duration of the course for maximum 15 eligible ISS officers** in each selected training programme. If, any officers stay beyond the duration of training programme, they may claim TA/DA by their respective offices, subject to admissibility.

Potential participants to be requested to take prior confirmation from NSSTA for availing the sponsorship (as upto fifteen participants only will be sponsored in each training programme) before applying on e-HRMS portal. After the confirmation of nomination received by NSSTA from respective institutes, the same will be confirmed by NSSTA to nominated officers thereafter they will book the ticket accordingly.

3.4 Training Programmes offered by some other reputed institutes like CTIs, ATIs, IICA, ISTM, AJNIFM etc. during FY 2026–27 - Sponsorship by NSSTA for eligible ISS officers for select Programmes

It is to inform that **some other reputed institutes like CTIs, ATIs, IICA, ISTM, AJNIFM etc. organize training programmes on various subjects during FY 2026–27 for in-service officers like** All India Services (IAS, IPS, IFoS), Group 'A' Central Civil Services, officers under the Central Staffing Scheme, as well as CSS/CSSS officers, Group B service like SSS, CSCS, CSSS etc. at various premier training institutes across the country.

Based on the relevant of courses for in-service ISS/SSS officers and officers from CSS/CSSS/CSCS cadre posted in MoSPI, organized by these institutes, some select training programmes to be identified by NSSTA and financial and administrative approval to be taken for in-service ISS/SSS officers and for the officers from CSS/CSSS/CSCS cadre posted in MoSPI. It may be noted that **the payment of course fee of selected residential IST programmes, including boarding & lodging charges, will be borne by NSSTA for the duration of the course for maximum 15 eligible** in-service ISS/SSS officers and officers from CSS/CSSS/CSCS cadre posted in MoSPI in each selected training programme. If, any officers stay beyond the duration of the training, they may claim TA/DA from their respective offices, subject to admissibility.

Potential participants have to take prior confirmation from NSSTA for availing the sponsorship (as upto fifteen participants only will be sponsored in each training programme) before applying. After the confirmation of nominations received by NSSTA from respective institutes, the same will be confirmed by NSSTA to nominated officers thereafter they will book their journey tickets accordingly.

3.5 Role based training programme for ISS officers on Promotion during FY 2026-27

It is proposed that at least 1 training programme would be planned for the officers promoted from JTS to STS/STS to JAG/JAG to SAG/SAG to HAG level for awareness about role-based responsibilities, identifying roles due to Organizational Change, communication strategy based on roles and mentoring & handholding mechanisms etc.

3.6 Pre-requisites for Behavioural & Functional courses (Non-core Training): Domain (Core training) programme as mentioned in A in Annexure-III along with MCTP courses would be the pre-requisite for confirmation of nominations in non-core training programme (## especially for S. No. 29 and 31).

4. Agenda Item No. III: Training Programme of ISS Probationers

Training for ISS Probationers during FY 2026-27 will be conducted in accordance with the TPAC-approved structure, incorporating major revisions including Emerging Technology Modules relevant to Official Statistics.

4.1 Training Plan for ISS 2024 Batch:

Probationers of ISS 2024 Batch has joined the service on 15 April, 2024 and has completed 75 weeks of classroom training and 26 weeks of On-the-Job Training (OJT) during FY 2024-25 and 2025-26, as approved by TPAC for the FY 2024-25 and 2025-26 vide OM No. L-14011/02/TPAC/2022-23/NSSTA dated 07.03.2024 and 07.04.2025, respectively.

[Proposal: During 2026-27, the probationers of ISS 2024 Batch need to report at NSSTA for 3 weeks for their project presentation, report submission, for sharing experience of their field posting etc., for which the proposal is submitted at Annexure IV]

4.2 Training Plan for ISS 2025 Batch:

Probationers of ISS 2025 Batch has joined service on 21 April, 2025. The 52 weeks classroom training programme for ISS 2025 Batch is at its fag end and is likely to be completed by April 2026. The training programmes for ISS 2025 Batch, which are to be organized during FY 2025-26, are already approved by TPAC for 2025-26 vide OM No. L-14011/02/TPAC/2022-23/NSSTA dated 07.04.2025), vide which classroom training was decided for 1 year and thereafter probationers are to be posted in the various ROs/SROs in FOD.

[Proposal: As regards, training programmes to be organized for ISS 2025 Batch during 2026-27, the proposal is submitted at Annexure-V.]

4.3 Training Plan for ISS 2026 Batch:

Training programme for ISS Probationers of 2026 Batch, for FY 2026-27 will be conducted in accordance with the TPAC-approved structure. There would be 2 major parts of training programme :

- Pre-Induction e-Learning Curriculum
- Induction Training Programme

Pre-Induction e-Learning Curriculum for ISS Probationers

To ensure that ISS Probationers are adequately prepared for the probationary training programme, it is proposed that they will complete a pre-induction online learning, covering foundational topics in official statistics, information technology, management, administrative, and functional areas before commencing formal training. The e-learning module topics for the ISS 2026 batch will be made available on the iGOT platform, enabling probationers to acquire basic orientation and familiarity with the subject areas.

Induction Training Programme consists of:

- **Phase I (52 Weeks):** Classroom Trainings at NSSTA and Other Organizations
- **Phase II - On-the-Job Training (OJT) cum Field Posting :** at field offices of NSS, MoSPI
 - o 26 Weeks after Phase I
 - o 24 Weeks after Phase III
- **Phase III (2 Weeks):** Project work presentation, report submission, for sharing experience of their field posting and review at NSSTA

[Proposal: The complete training curriculum for the ISS 2026 batch, is placed at Annexure-VI.]

5. Agenda Item No. IV: Induction training of JTS level officers

5.1 Training programmes of 4 weeks duration for promoted JTS-level officers are proposed to be organised based on the request of the ISS Cadre. The details of the course content and curriculum structure can be seen in **Annexure VII**.

[Proposal: It is proposed that the said training programme may be conducted in the year 2026-27 based on the request of ISS Division (S&PI).]

6. Agenda Item No. V: Induction training programme for SSS officers (JSOs)

6.1 As per the discussions held during the meeting under the joint chairmanship of ADG (CQCD) and ADG (CDD), it was decided that in the next TPAC meeting agenda, NSSTA may propose to merge Module A & Module B and select topics for making a single Module of 3-weeks duration for the JSO induction training programme. (Refers to para 2(i) of MoM dated 04.07.2025. The training for newly recruited Junior Statistical Officers (JSOs) of the SSS Cadre may be conducted at NSSTA and Zonal Offices (CQCD), with an equal proportion of participants. The coverage topic for this Training Programme is given at Annexure-VIII)

[Proposal: It is proposed that the training programme covering the topics listed in Annexure VIII be conducted during the year 2026–27 for a batch of 35–40 for NSSTA and any other appropriate batch size for ZOs, after taking the nomination from SSS Division (S&PI).

7. Agenda Item No. VI: Refresher training programmes for in-service SSS officers

7.1 Refresher courses are meant for in-service SSS officers. Details regarding course content and proposed institutes may be seen at **Annexure-IX**. Further, the SSS division has issued a SOP dated 15.10.2024 for the refresher training programme for in-service SSS officers to be organised by MoSPI. Training centres for the same are NSSTA and CQCD Zonal offices. Efforts would be made to cover the topics of the said SOP in addition to the topics mentioned in **Annexure IX** for the SSS refresher training programme. At most 5 officers of Other Cadres

(CSS/CSSS/CSCS/Others) Service who are posted in MoSPI may be considered in appropriate refresher training programmes.

[Proposal: It is proposed that the said training programme for at least four refresher courses be organized at NSSTA and/or other prestigious institutes during the financial year 2026-27. The minimum batch size will be 15.]

7.2 Orientation training programme for SSOs on their promotion from JSOs based upon the list of such promoted officers provided by the SSS division, covering the different aspects of Official Statistics, IT, Data Analytics, topics related to Behavioural and Functional Competencies, etc.

[Proposal: It is proposed to organise at least one One-Week Orientation training programme for SSOs on their promotion from JSOs, based upon the list of such promoted officers provided by SSS division and, covering the different aspects of Official Statistics, IT, Data Analytics, topics related of Behavioural and Functional Competencies, etc., by NSSTA in collaboration with ZOs of FOD DES of State/UTs.]

8. Agenda Item No. VII: Training programmes for State DES officers/officials

8.1 NSSTA is receiving numerous requests from States/UTs to conduct training programmes on specific topics related to official statistics at either NSSTA or their venues. Due to NSSTA's capacity constraints, accommodating these requests is not feasible. Therefore, **it is proposed that NSSTA may conduct some batches of Training of Trainers (TOT) on specific topics related to Official Statistics.** Each DES will be asked to nominate 2-3 officers for each batch. Up to 30 participants may be included in one batch. These nominated officers will undergo training as master trainers. These master trainers may then conduct training in their States/UTs on the relevant subjects. Further, other states/UTs may also utilize the services of these master trainers for training in the relevant subjects.

[Proposal: It is proposed that at least two out of the following training programmes for officers/officials of State DES be organized by NSSTA during the year 2026-27:

1. Index Numbers and Price Statistics
2. Social Statistics
3. National Accounts Statistics
4. Sampling Methods and Techniques Used in Large-Scale Sample Surveys
5. Demography and Population Studies
6. Administrative Statistics
7. Sharing of best practices
8. Any other topics as deemed appropriate]

9. Agenda Item No. VIII: Demand-based Training Programmes for State DES / Line Ministries / Departments

9.1 Every year, some of the State Directorates/Line Ministries/Departments submit their requests to NSSTA to conduct one/two training programmes (s) at NSSTA for their in-service or recruits on different subjects in the area of Official Statistics at their cost on receipt of advance. Some state directorates also request NSSTA to depute/deploy resource personnel to deliver lectures in training programs organized by them. NSSTA generally honors such requests, subject to the availability of hostel accommodation and/or resource persons for conducting request-based training programmes and/or for the deployment of resource persons/faculty.

9.2 If any request(s) are received during the year 2026-27, NSSTA proposes to organize such programme(s) subject to the availability of hostel accommodation and/or resource persons from other line ministries/departments or the faculty of NSSTA. Furthermore, if any state/UT needs to organize training on the mentioned topics, the concerned divisions of MoSPI, such as NAD, PSD, ESD, FOD, etc., may be approached directly by the state/UT. In such cases, contact details of officers of the respective divisions of MoSPI and related State/UT offices will be shared by NSSTA to facilitate mutual collaboration.

9.3 Further, demand-based trainings are organized keeping in view the availability of Hostel facilities at NSSTA. Keeping in view the surge of such demands, and for optimum utilization of available resources/lecture halls at NSSTA, and to cater to such demand, the infrastructure facilities (viz. hostel, lecture halls, etc) of reputed institutes/universities available in the vicinity of NSSTA may be utilized.

10. Agenda Item No. IX: ISEC, ISI Kolkata training programme

10.1 Proposal: As per practice, one training programme on ‘Official Statistics & Related Methodology’ for participants of the Diploma Course on Statistical Theory and Applications organized by the International Statistics Education Centre (ISEC), ISI Kolkata, may be continued and organized during 2026-27.

11. Agenda Item No. X: Training programme on “National and International Statistics” for M. Stat. Students of ISI

11.1 This module **is proposed to be continued in the year 2026-27**. The Training programme on “National and International Statistics” for M. Stat. Students of ISI was introduced in 2015-16 and may be followed for the future batches. In this module, ISI, Kolkata approaches to NSSTA to share the day to day Schedule alongwith faculties/officers’ details to deliver the session. After mutual discussion with concerned faculties/in-service ISS officers, NSSTA prepare a day to day schedule and send to ISI, Kolkata to organize the training programme in hybrid mode in ISI, Kolkata depends on the availability of faculties/officers. **It is proposed that this training programme may be conducted by ISI Kolkata as per the format approved by the Academic Council of ISI in FY 2026-27.** NSSTA may facilitate ISI Kolkata in liaising with resource persons, if required.

12. Agenda Item No. XI: Awareness programmes to popularize Official Statistics

12.1 Awareness Programme for University Faculty (from Statistics/economics/social science Department) on Official Statistics: One-week exposure training on ‘Official Statistics’ for university professors in statistics has been well accepted & well received. There has been a continuous demand for more such programmes.

a. [Proposal 1: It is proposed to organize at least one training programme on ‘Official Statistics’ at NSSTA during the year 2026-27 for the heads of the departments of statistics/faculty of statistics departments. The number of participants for the programme would be up to 30.]

b. [Proposal 2: It is proposed to organize at least one training programme on ‘Official Statistics’ at NSSTA during the year 2026-27 for the heads of the departments of economics/social science/faculty of economics/social science Social Science Departments. The number of participants for the programme would be up to 30.]

12.2 Awareness Programme for UG/PG students (of Department of Statistics/Economics/Social Sciences) on Official Statistics:

a. [Proposal 1]: It is proposed to organize at least one training programme of one week on 'Official Statistics' during the year 2026-27 at NSSTA, in hybrid mode, for university students **(of the Statistics Department)**. Students from Central and State Universities would be exposed to Official Statistics. The training programme would accommodate up to 40 participants, physically and others in online mode as needed. Preference may be given to PG students.

b. [Proposal 2]: It is proposed to organize at least one training programme of one week on 'Official Statistics' during the year 2026-27 at NSSTA, in hybrid mode, for university students (of departments of Economics/Social Sciences). Students from Central and State Universities would be exposed to Official Statistics. The training programme would accommodate up to 40 participants, physically and others in online mode if needed. Preference may be given to PG students.

Note in respect of 12.1 and 12.2: If the number of nominations received for the awareness programme for university faculty (from Statistics Department) is more than the maximum batch size and the number of nominations received for the awareness programme for university faculty (from departments other than Statistics) is less than the maximum batch size, then some nominations of the former may be grouped with the latter, or vice-versa. A similar course of action may be followed in the case of UG/PG students as well.

12.3 Awareness workshops on University Campuses/Schools: It is proposed that at least two one-day workshops on the university campuses/schools are proposed to be organized during the year 2026-27.

12.4 Awareness workshops on Handling of Unit level data: It is proposed that three-days' workshop on Handling of Unit level data may be explored for the research scholars during the year 2026-27.

13. Agenda Item No. XII: Awareness programmes / workshops / seminars / panel discussions for in-service ISS / SSS / other relevant officers

13.1 It is proposed to organize at least 4 seminars/workshops/panel discussions during the year on the topics of emerging issues/recent developments in official statistics/any other topic of relevance for in-service ISS/SSS officers, in which other officers may also be invited.

14. Agenda Item No. XIII: International trainings

14.1 NSSTA, in partnership with UN-SIAP, UNSD, World Bank, etc, has been organizing training/workshops/webinars/seminars on varied topics, decided based on mutual consent in addition to Official Statistics. As on date, the training programme organised in FY 2025-2026 in collaboration with UN-SIAP is the Regional Workshop on Data Ethics, Governance, and Quality in a Changing Data Ecosystem, followed by the National workshop. Also, NSSTA (MoSPI), in cooperation with ISEC (ISI) and ITEC (MEA), organised the International Workshop on Data Needs for Planning Sustainable Development (15–20 Sept 2025, Greater Noida) with 30+ delegates from 20 countries, marking ISEC's Platinum Jubilee and 75 years of NSS. Further, under the ITEC scheme of MEA, a two-week training programme on "Enhancing Census Preparedness in the Caribbean" for a batch of 08 officials of Caribbean Countries, and two weeks training programme on "Subnational Statistics using Administrative Data" for a Batch of 20 Officials of Royal Government of Cambodia (RGC) is organised at NSSTA.

[Proposal: It is proposed to organize such trainings/workshops/webinars/seminars by NSSTA during the financial year 2026-27. The entire cost of the programmes will be borne as per mutual agreement.]

14.2 Efforts would be made to invite countries/international agencies for capacity-building programmes in official statistics and other relevant topics by NSSTA. NSSTA receives requests from several countries / international agencies for conducting training programmes on various topics. As and when such requests are received, NSSTA organizes demand based training programmes for other countries/international organizations, etc., following due process.

14.3 NSSTA has also been empanelled under the ITEC scheme of MEA to organise one-week and two-week training programmes sponsored/supported by MEA.

[Proposal: It is proposed to organise at least one international training programme under the ITEC scheme of MEA in FY (2026-27)]

15. Agenda Item No. XIV: Training for Officers of NSSTA and Zonal Offices

15.1 It is **proposed to organize a training for Officers of NSSTA and Zonal Offices** at ISTM/NSSTA/any other government institute.

16. Agenda Item No. XV: Training of CSS/CSSS/CSCS/FOD officials of MoSPI

16.1 As the rules and technology change, it's essential for supporting staff to receive targeted training that helps them adapt quickly and effectively. Training on the latest updates in government policies, rules, and regulations that affect administrative functions, such as financial management, procurement, personnel management and office procedure etc. would help them increasing their efficiency as well as productivity.

[Proposal: It is proposed to organize training programmes for officials of the CSS/CSSS/CSCS/FOD of MoSPI on the relevant topics by NSSTA, as per request of the concerned Divisions.]

17. Agenda Item No. XVI: Organising any training programme recommended by the Competent Authority/Senior Officers of MoSPI/As per requirement of NSSTA.

17.1 If any training programme, which is not specifically mentioned in the TPAC, is organized as per the directions of the Secretary (MoSPI), DG, any other senior officers of MoSPI, Competent Authority, as required by other Divisions of MoSPI, any other organisation/department/ministry or required by NSSTA for any other reason not classified above. **For organizing such training programme, prior approval of the Chairman, TPAC will be obtained, after which the said training programme would be treated as a TPAC-approved training programme, and all orders relating to TPAC-approved training programmes will be applicable on it.**

18. Agenda Item No. XVII: Any other matter with the permission of the chair

Annexure- I

L-14011/02/TPAC/2022-23/NSSTA
Ministry of Statistics & Programme Implementation
National Statistical Systems Training Academy

Plot No. 22, Knowledge Park-II
Greater Noida, UP -201310

Dated: 12.03.2025

Office Order**Composition and terms of reference of the Training Programme Approval Committee**

National Statistical Systems Training Academy (NSSTA) is a premier institute fostering human resource development in Official Statistics, and in order to look after and guide NSSTA on various training programmes, the existing high-level committee namely, "Training Programme Approval Committee" (TPAC) is re-constituted with revised composition and terms and reference as follows:

A. Composition of TPAC is as follows :

1	DG (Data Governance), MoSPI	Chairperson
2	Additional Director General (CQCD), MoSPI	Member
3	Additional Director General (DIID), MoSPI	Member
4	Additional Director General (CDD), MoSPI	Member
5	Representative from DoHFW, M/o HFW	Member
6	Representative from the Capacity Building Commission (CBC)	Member
7	Representative from AJ-NIFM, Faridabad	Member
8	Representative from ISTM, New Delhi	Member
9	Deputy Director General (NSSTA), MoSPI	Member Secretary
10	The Committee may also invite any other official(s) as needed.	

B. Terms of Reference

The committee will examine and approve the broad structure of the various training programmes, including (content, scope, and coverage), and the institutes to conduct training in respect of the following: -

1. All training programmes of ISS officers. i.e., Probationers and ISS in-service MCTP and DSTP, and specialised training.
2. All training programmes of SSS officers, i.e., Induction trainings, In-service refresher Trainings, and Specialised Trainings.
3. Any Other Specific Training Programme for other Officials/Staff of MoSPI
4. Awareness Programmes Amongst Universities, Colleges, and other Stakeholders.
5. ISEC, ITEC, UN-SIAP, World Bank, etc, and other International Training Programmes.
6. Training of officials on Statistical Systems for State and Central Governments, PSU's and Autonomous Bodies.
7. Workshops and Seminars on Statistical Systems at Various Locations.
8. Any other training programme that may need to be conducted by the NSSTA as required.

.....

Annexure- II**Mid-Career Training Programme (MCTP) for the financial year 2026-27**

S. No.	Course Title	Institutes	Content	Eligibility Criteria
1	Handling Large Scale Data & Data Analysis using R and Python	IIT Madras / IIT Kanpur/ISI, Delhi/IIT Mumbai/Any other reputed institute	Practical orientation to data analysis in R including basic descriptive analysis, regression analysis, logistic / log-linear analysis—using NSS data, handling of unit level data of NSS, Introduction to Python, NumPy, Introduction to Spyder, Sequence data types and associated operations, Control structures, functions, NumPy, Pandas data frame and data frame related operations, Data visualization using matplotlib and seaborn libraries, Inferential Statistics, Data Handling and Visualization through R and Python, Practical exercise by using NSS data	ISS officers of the service length of 8-10 years
2	Course on Artificial Intelligence (AI) ready Data, Machine readable data	IIT Madras / IIT Kharagpur/ IIT Delhi/IIT Mumbai/Any other reputed institute	Foundations of AI-Ready Data (What is AI-Ready Data, AI v/s Traditional Analytics, Characteristics of AI-Ready Data.) Machine-Readable Data Fundamentals (Human-Readable v/s Machine-Readable, Common Machine-Readable Formats) Data Standards & Interoperability (Why Standards Matter, Metadata Standards, Open Data & Government Data) Data Quality & Governance for AI (Data Quality Frameworks, Governance & Compliance, Ethical & Responsible AI Data) Preparing Data for Machine Learning (Data Preparation Pipeline, Annotation & Labeling Tools, Dataset Documentation) Technical Implementation (Building AI Data Pipelines, Tools & Technologies, Automation & Scaling)	ISS officers of 8-10 years of service,
3	Management Development	IIM Ahmedabad	Comprehensive module covering various aspects of Management like HR, Time, Stress, Financial, Change, Risk, Conflict, Communication, Motivation,	ISS officers of 8-10 years of service

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

			Leadership, PPP, Global Economic scenarios, etc.	
4	Design, Evaluation and Execution of Projects	IIMs / IITs	Manage project, definition activities, project planning, establishing the IT project team, and managing project execution activities, finally leading to successful project implementation and project closure. Concepts of monitoring & evaluation, concepts & methods of impact evaluation; M&E mechanism for different schemes and programmes; intensive practice-based learning on developing outcome indicators that can be used in concurrent evaluation and in measuring and tracking progress on human development and social policy also some case study discussion related to government sector.	ISS officers of 15-17 years of service
5	Advanced Management Programme	IIMs / IITs	Comprehensive module covering various aspects of Management like HR, time, stress, finance, change, risk, conflict, Communication, motivation, leadership, PPP, global economic scenario, strategic management, etc.	ISS officers of 15-17 years of service
6	Recent Developments in Survey Methodology and uses of alternate data sources	ISI Kolkata/IITs	Planning and designing of a survey starting from defining objectives, concepts and indicators to questionnaire designing, sample selection, sample frame determination ending in data dissemination, surveys involving rare population, attitudinal surveys, controlling sampling and non-sampling error, etc. Exposure to alternate data sources like scanner data, mobile data, GIS, nightlight data, web-scraped data etc and its use for policy formulation,	ISS officers of 15-17 years of service
7	Exposure to National Statistical Office of Developed Countries	Foreign component to visit National Statistical Office of Developed Countries through ISI Kolkata	Best international practices followed by National Statistical Offices and international statistical bodies in statistical activities with particular reference to the implementation of SDGs.	ISS officers of 15-17 years of service who have completed all three training programmes in Phase-II
8	Leadership and	IIM Ahmedabad	Processes involved in Strategic	ISS officers of

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

	Strategic Management		Leadership, Analytical as well as Human Dimensions, strengthening different levels of the organization including senior managers, middle managers and developing support team, Strategic leadership in non-profit sector, including government sector, Moving the “we/they” line, etc.	23-28 years of service
9	Managing ICT Projects	IIM Ahmedabad	Implementing Enterprise-wide IT Projects, Harnessing IT: Choosing the Right Project, Tracking IT Project Performance, Strategic Sourcing and Alignment, Adopting, Managing and Driving Change, Understanding Information Requirements, Investment in Evaluation Technology, Selecting the IT Project Manager, Managing BI Projects, Risk Allocation and Mitigation of Projects, Managing Trade-off between Project Scopes, Schedules, and Resources: A Management Game, Bidding Design and Evaluation of IT Projects, IT Implementation Failures: Factors and Strategies.	ISS officers of 23-28 years of service
10	Current Economic Issues	IGIDR Mumbai / IIM Ahmedabad / IMF SARTTAC	Global Economic Scenario, Current macro-economic scenario in India, WTO negotiations and impact on India, Development Economics, Global Financial Crisis – anatomy and recovery, Environment Economics - clean development mechanism, carbon trading etc. Outsourcing issues.	ISS officers of 23-28 years of service
The final content on the courses will be decided with mutual consent of respective institutes.				

Annexure-III**Refresher Training Programme for In-Service ISS officers during Financial Year 2026-27**

S. No.	Course Title	Proposed Institute	Content	Duration
A	Domain Specific Training (Core Training)			
1	Harmonization of datasets for improving inter-operability, integrity for improved analysis	ASPD/IITs/Other Reputed Institutes	Introduction to Data Harmonization, Difference between harmonization, standardization, integration, and interoperability, Need for Data Harmonization in Government Systems, Conceptual Harmonization, Technical Harmonization, Data Interoperability Frameworks- Common Data Standards (CDS), API-based data exchange, Master Data Management (MDM), Role of metadata registries Dimensions of data quality (accuracy, timeliness, completeness, consistency), Data profiling techniques, Quality assurance frameworks, Audit trails and documentation, unique identifier/common identifier and Hands-on on Harmonizing two datasets with different coding structures, how to create Metadata on Dataset, NMDS 2.0 with practical example, MDDS (Meta Data & data Structure)	5 days
2	AI ready data, Machine readable data	IITs	Foundations of AI-Ready Data (What is AI-Ready Data, AI v/s Traditional Analytics, Characteristics of AI-Ready Data, To enhance data using AI tools, use of AI literacy etc.) Technical Implementation (Building AI Data Pipelines, Tools & Technologies, Automation & Scaling) Machine-Readable Data Fundamentals (Human-Readable v/s Machine-Readable, Common Machine-Readable Formats)	5 days

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

			Data Standards & Interoperability (Why Standards Matter, Metadata Standards, Open Data & Government Data) Data Quality & Governance for AI (Data Quality Frameworks, Governance & Compliance, Ethical & Responsible AI Data) Preparing Data for Machine Learning (Data Preparation Pipeline, Annotation & Labeling Tools, Dataset Documentation)	
3	Handling Large Scale Data & Data Analysis using R and Python	ISI, Delhi Centre/IIT, Kanpur/IIT Mumbai	Practical orientation to data analysis in R including basic descriptive analysis, regression analysis, logistic / log-linear analysis– preferably using live NSSO / Census data, handling of unit level data of NSSO, Basics of Python, NumPy, Data Handling and Visualization through R and Python, Practical exercise	12 weeks (10 weeks online followed by 2 weeks offline)
4	Data Base Management and Data Visualization (SSS to STS level)	CDAC/NSSTA through DIID	Introduction to Data Management, Overview of RDBMS like PostGreSQL, Metadata Management, Data Processing, Data visualization by using open software such as Flourish, Data wrapper, Ploty Tableau, PowerBI etc.	One Week
5	Handling of Unit level data of NSS and its analysis	NSSTA through DIID/ HSD/ EnSD	Household Survey, Enterprise Survey, Unit level data extraction, Data analysis using R and other software and hands on session	One Week
6	Statistical Literacy, Storytelling & Analysis writing	IIM Ahmedabad / IIM Bengaluru / IIM Kozhikode	Data Visualization for Effective Communication, Storytelling with data, Storytelling in Action, Data Driven Storytelling, Data Analysis in Decision Making, Social & Economic implication through data, Numbers to Narratives: Writing	One week

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

			Print Articles and Blogs Using NSS Data, Public Speaking for Leaders, Storytelling for Problem Solving and Effective Transformation	
7	Social & Economic Impact Evaluation	J-PAL	Introduction to Monitoring and Evaluation, Impact Evaluation Methods, Conducting Randomized Evaluations	3 days
8	Role based training for officers on Promotion (Module will be customised as per roles)	NSSTA/Other reputed Institutes	Role based responsibility, Identifying Roles in Organizational Change- Leadership roles (vision setting, sponsorship), Middle management roles (translation into action), Technical staff roles (implementation & feedback) Administrative and functional responsibilities Communication Strategy Based on Roles-Tailored communication for different stakeholders, Messaging for leadership vs operational staff, Managing resistance through engagement Capacity Building & Skill Alignment-Mentoring and handholding mechanisms AI tools, use of AI tools	2-3 days
9	Implementing CoS Act, DPDP Act & Cyber Security	NSSTA/DSCI/CDAC	DPDP Act and its implementation, Collection of Statistics Act, 2008 and its amendment, Collection of Statistics rules 2011, Offences and Penalties Constitutional provisions Powers and functions of appropriate Government Power in respect of core statistics, Cyber Security-CDAC etc.	3 days
10	Strategic/ Change Management for Organizational Transformation	MCRHRDIT Hyderabad/ ASCI/IIMs/any other reputed Institute	Strategic thinking for leading strategic change, Recognizing the need for change and starting the change process, diagnosing change to assess strategic alignment, Preparing and planning to implement: power, politics and stakeholder management	5 days

			Managing personal transitions: modes of Interventions, Leading stakeholders in strategic change, leading strategic turnaround Tracking and reviewing strategic change and transformations, Sustaining strategic change and transformations	
11	Data Driven decision making using data analytics	IIT Bombay/ IIT Kanpur/ Any other reputed Institute	Data Analytics: Opportunities and challenges across domains, Overview of Data Science, EDA and Data Visualization, Data Analytics-Hands-on, Hypothesis Testing with Examples and Case Studies, Data-Driven Approaches in Govt. sector, Implementation Strategy: From Data to Insights, Decision Making Case Study: Network Design, Introduction to Gen AI and LLM, Data Governance and Ethics	5 days
12	Administrative Data for Policy Formulation/ decision making	IIT, Mumbai/DSCI/ NASSCOM/ National Institute of Public Finance and Policy (NIPFP) New Delhi / IIM Bengaluru / IIT Kanpur/JPAL	Statistical Governance Vs Digital Governance, Data as a Strategic Asset (data lifecycle, quality, interoperability), India's National Data Governance Framework and international practices, Standards and Interoperability (metadata, identifiers, SDMX, ISIC, COICOP); Linked data vs Integrated data, Ethical & Legal Aspects (ownership, consent, privacy, basics of DPDP Act), <i>Simulation</i> : Teams design a governance framework for a new survey (collection → storage → dissemination) Leveraging Administrative Data for Decision Making, Unpacking Data Quality and Analysis, Communicating with Impact evaluation by using data storytelling and visualization, M&E insights, along with essentials of strategic communication like stakeholder mapping and messaging. Linking of Administrative Dataset.	5 days
13	Estimation of Blue Economy,	National Institute of Ocean Technology (NIOT) Chennai /	(Water Management, Natural Resource Management, Blue Economy) Introduction to Blue	One week

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

	Green GDP	National Institute of Oceanography (NIO) Goa/IIT Roorkee	Economy & Green GDP, Estimation of the Blue Economy-its Components, Methods for Measuring Blue Economy. Contribution, Case Studies & Global Best Practices, Estimation of Green GDP-its components, Methods for Estimating Green GDP, Global Practices & Examples, Policy Implications & Future Directions	
14	Economic concepts related to consumption expenditure, labour statistics etc.	DSE / IGIDR Mumbai/Ghokhle Institute, Pune	Micro data effect, economic scenario of data by using HH consumption expenditure data, Enterprise Survey data, PLFS, ASSUSE etc.	One week
15	Climate Change & Environmental Risks, Public Health, Pandemics, Economic Volatility	IMF SARTTAC/Any relevant institutes	Module may be developed	3 days
16	National Accounts	NSSTA / IMF SARTT AC / NIPFP New Delhi/ Any other reputed institute	National Accounts Statistics	One week
17	Environmental Statistics and Natural Resource Accounting	Indian Institute of Forest Management (IIFM) Bhopal /FSI Dehradun / NEHU Shillong	Modelling environment and economy interactions for natural capital, Techniques of environmental valuation, Green-GDP framework under SEEA, Pragmatic experience on valuing natural resources.	3 days
18	Application of remote sensing, GIS in official statistics	Indian Institute of Remote Sensing (IIRS), Dehradun / National Remote Sensing Centre (NRSC) Hyderabad / Space Applications Centre (SAC)	Concept of remote sensing with GIS mapping and tools of disaster management, UFS applications. Basics of GIS, GPS and their operations, Digital Image Processing, Multi Criteria Analysis using GIS, Smart sampling using geospatial technology, Crop	One week

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

		Ahmedabad/NESAC, Meghalaya	Acreage Estimation using geospatial technology, Space Technology Applications in Crop Cutting Experiment, GIS Analysis of Census Data, Geo-spatial Technology applications in smart Governance, UAV Remote Sensing Applications, Exposure to alternate data sources like scanner data, mobile data, GIS, nightlight data, web-scraped data etc and its use for policy formulation	
19	Research Methodology	Indian Institute of Science Education and Research (IISER) Bhopal / Centre for Development Studies, Thiruvananthapuram/ JPAL	Module may be developed	3-5 days
B Behavioural as well as Functional Training (Non-core Training)				
20	Public Procurement & Financial Management	IICA/ASCI Hyderabad/Any other reputed Institute	Risk Management in Public Procurement and Understanding Contract, as Risk allocation mechanism, Execution of Contracts (Goods & Works), Handling Complex and EPC Contracts, Procurement of Services, Contract Performance & Closure, Deep Dive - Government e-Marketplace (GeM), Public Procurement Landscape in India, Regulatory Framework and E-Procurement e-Procurement: Systemic shift (CPP Portal, GeM), Advanced Bid & Tendering Procedures Tender Opening, Evaluation & Award, Recent Developments in Public Procurement	One week
21	Ethics, Data Governance and Integrity in Public Service	IIT Mumbai/NIT Warangal/IISc Bangalore/ IC Centre for Governance, Panchgani/CDAC, Pune/Any other reputed institute	Data Privacy- Understanding data privacy regulation and ethical consideration. Governance Model- Frame work for data Governance and Quality Assurance, Inner Governance, Ethical Challenges,	One week
22	Leadership and Motivation	IIM Ahmedabad / IIM Bengaluru / IIM Kolkata	Module may be developed	One week

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

	Skills			
23	Parliamentary Procedures and Cabinet Note Preparation, EFC, noting & drafting and Manual of Office Procedure (MOP)	MCRHRDIT Hyderabad/any other reputed Institute	Overview of parliamentary procedures, drafting, responses to parliamentary questions, cabinet, note preparation, Project/Scheme Management, EFC Design & monitoring etc.	5 days
24	Training on Vigilance & Court Case, drafting Para-wise Remarks, LIMBS, CPGRAMS, RTI etc.	AJ-NIFM, Faridabad/ASCI, Hyderabad/ISTM, Delhi/MCRHRDIT, Hyderabad	Fundamentals of LIMBS Portal & Vigilance, handling of court cases, Service Matters- legal issues & procedure to be followed in drafting Counter Affidavit, Preparation of para wise remarks: Exercise on drafting of para wise remarks on a draft, Inputs on writ petitions & counter affidavits, CPGRAMS, RTI and case study	5 days
25	DFPR, GFR and roles, responsibilities and financial powers of HOD & HO	AJ-NIFM, Faridabad/ASCI, Hyderabad/Any reputed institute	Introduction to GFR, DFPRs, Principles & Practices of Public Expenditure Management, Public Procurement- Fundamentals, Tendering & Evaluation Process, Government e-Market Place (GeM), Dead Stock Register, Staff car Rules, Inventory Management of IT equipment's, Formulation of Proposals for seeking financial concurrence	5 days
26	Training programmes offered by DoPT and other reputed institutes like IICA, ISTM, AJNIFM etc. during FY 2026-27- Sponsorship by NSSTA for eligible ISS officers	Concerned institutes/category of institutions	Based on the selected programmes	3-5 days
27	Mechanics for survey design and data collection	J-PAL	Module may be developed in consultation with J-PAL	3 days

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

28	Research and Communication using Official Data	IIM Ahmedabad /IIM Bengaluru / IIM Kolkata	Goals for Specific Communications using data, most effective methods of delivery, Communication Process, Foundation Tools, one on one and with groups, Barriers to Effective Communications, Communication Skills, skills to communicate with impact, Influencing Techniques, using techniques and strategies to influence other behaviors and develop more collaborative working relationships, Planning a Communication Strategy, Face to Face and Virtual Facilitation/Meeting Communication Skills	One week
29	Stress Management/ Work Beyond Stress##	The Art of Living Bengaluru / Isha Foundation, Coimbatore Tamil Nadu / Govt recommended any other institute	Challenges of life in a better & more effective way, handling the stress related to professional and personal life and give important insights in building competencies	One week
30	Yoga/ Vipassana	Ramamani Iyengar Memorial Yoga Institute, Pune/ Kanha Shanti Vanam, Telangana /IIYM, Sonipat, Haryana	Yoga & meditation, Vipassana, Art of living, Heart fullness meditation and TBD in consultation of institute.	3-5 days
31	Team Building and Leadership through Adventure Sports activities (Trekking cum training) ##	Jawahar Institute of Mountaineering and Winter Sports (JIM & WS) Jammu and Kashmir / Nehru Institute of Mountaineering (NIM), Uttarkashi/ Atal Bihari Vajpayee Institute of Mountaineering and Allied Sports (ABVIMAS), Manali (HP) / Himalayan Mountaineering Institute (HMI) Darjeeling	Environmental awareness, disaster management, team spirit, capacity building and Swachh Bharat Campaign.	One week

The final content on the courses will be decided with mutual consent of respective institutes.

Note: Core training programme as mentioned in A in Annexure-III along with MCTP courses would be the pre-requisite for confirmation of nominations in non-core training programmes (## especially for S. No. 29 and 31).

Annexure- IV

Two Years Curriculum for Training of ISS Probationers of 2024 batch

S.No .	Training Module	Duration (in Weeks)	Institute
1	Phase-I – Classroom training completed (during 2024-25, 2025-26 as approved vide TPAC 2024-25 & TPAC 2025-26)#	75	NSSTA / Other Organizations
2	Phase-II - On the Job Training cum field posting (ongoing) (during 2025-26 as approved vide TPAC 2025-26)	26	At place of Posting
3	Phase- III (3 weeks) (proposed for 2026-27)	3	
	Project Presentation from all Probationers	2	NSSTA
	Project report submission, review their field training experience, share key learnings and challenges encountered during field posting.	1	NSSTA
	Total (=1+2+3)	104	

Note# Joined NSSTA on 15th April 2024

Annexure- V**Two Years Curriculum for Training of ISS Probationers of 2025 batch**

S.No .	Training Module	Duration (in Weeks)	Institute
1	Phase-I – Classroom training (during 2025-26) approved vide TPAC 2025-26)#	49	NSSTA / Other Organizations
2	Phase-I – Classroom training (during 2026-27)	3	
	State DES Attachment	2	Various State DES
	Probationary Training Completion Formalities at NSSTA	1	NSSTA
	Phase-I – Completion (=1+2)	52	
3	Phase-II - On the Job Training cum field posting (ongoing) (during 2026-27)	26	At place of Posting
4	Phase- III (3 weeks) (proposed for 2026-27)	2	
	Project Presentation from all Probationers	1	NSSTA
	Project report submission, review their field training experience, share key learnings and challenges encountered during field posting.	1	NSSTA

5	Phase-II – On the Job Training cum field posting (continued)	24	At place of Posting
	Total (=1+2+3+4+5)	104	

Note# Joined NSSTA on 21 April 2025

Annexure- VI

Two-Years Curriculum for the Training of ISS Probationers as approved by TPAC for the ISS 2026 batch

Training for ISS Probationers for FY 2026-27 will be conducted in accordance with the TPAC-approved structure, incorporating major revisions to include Emerging Technology Modules relevant to Official Statistics.

Pre-Induction e-Learning Curriculum for ISS Probationers

To ensure that ISS Probationers are adequately prepared for the probationary training programme, it is proposed that they will complete a pre-induction online learning, covering foundational topics in official statistics, information technology, management, administrative, and functional areas before commencing formal training. The e-learning module topics for the 2026–27 batch will be made available on the iGOT platform, enabling probationers to acquire basic orientation and familiarity with the subject areas.

Induction Training Programme consists of:

- **Phase I (52 Weeks):** Classroom Trainings at NSSTA and Other Organizations
- **Phase II - On-the-Job Training (OJT) cum Field Posting:** at field offices of NSS, MoSPI
 - o 26 Weeks after Phase I
 - o 24 Weeks after Phase III

- **Phase III (2 Weeks):** Project work presentation and review at NSSTA

The details of Induction training module is given as follows :

S. No.	Training Module	Duration (in weeks)	Institute
	Phase-I (52 weeks)		
1	Joining Formalities & Fundamental of Official Statistical System. Sessions on Basic Etiquettes and communication.	1	NSSTA
2	(a) Administrative Statistics/Data Governance (b) Basic Economics (c) Collection of Statistics Act and DPDP Act & its implementation.	1	ASPD /DIID /NSSTA
3	Official Statistics	7 (including 01 week at IASRI)@	NSSTA/Other organizations/ IASRI
	· Agriculture and Allied Statistics		IASRI (01 week)@
	· Industrial Statistics		
	· National Accounts Statistics		
	· Labour Force Statistics		
	· Price Statistics		
	· Trade Statistics		
	· Social Statistics		
	· Education Statistics		
	· Other official statistics like Gender, Crime Statistics, Environment Statistics, Mineral Statistics etc.		
	· Exposure to different constitutional & statutory bodies (such as Election Commission, NITI AAYOG, UPSC, NHRC, VVG NLI, MNCFC, NDRI, NIHFW, etc.), Visit of Ministries for exposure of work.		
4	Managing Budgets, Monitoring Plans and public procurement	1	AJNIFM, Faridabad/ IICA, Gurgaon
5	Communication & Presentation skills	1	IIPA/IIMC
6	Leadership and Management Training Programme	1	IIMs
7	Application of GIS, Remote Sensing and Geospatial Training	1	IIRS Dehradun/ NASEC, Meghalaya
8	Activities of Labour Bureau, Chandigarh, NAAA & SIHFW Shimla	1	Labour Bureau, Chandigarh, NAAA and SIHFW, Shimla
9	Technological Skills (Basic & Advance IT including NSS Data Extraction)	2	NSSTA/DIID/ CDAC/CMC
10	Financial Statistics & Monetary Indicators	1	NIBM Pune / RBI

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

11	Data Analysis its interpretation and visualization using R	1	IITs
12	Big data, Artificial Intelligence (AI) with Python, Machine learning (ML), Harmonization of Data for improving interoperability, integrity for improved analysis, AI ready data, Machine readable data, Meta Data, MDDS, AI ready data and use cases, Exposure to alternate data sources like scanner data, mobile data, GIS, nightlight data, web-scraped data etc and its use for policy formulation,	3	IIT Madras/IIT Kharagpur/IIT Delhi/IIT Bombay/ any other reputed institute
13	Monitoring Outcomes & Evaluation Impact	1	ASCI, Hyderabad/Any other reputed institute
14	Essential of Survey Design: Survey methodology & Data Processing/Reporting including aspects of Designing, Building, Collecting, Processing, Analyzing, Dissemination and evaluating data collected through surveys/census, techniques, data dissemination techniques with reference to NSS Surveys, etc.	3	ISI, Kolkata/ Any other reputed institute
15	State DES Attachment	1	Various State DES
16	Foundation Course	14	Dr. MCRHRDIT, Hyderabad/LBSN AA, Mussoorie/Any other institute nominated by DoPT
17	Office Procedure, Establishment and Fundamental Rules	2	ISTM New Delhi /AJNIFM, Faridabad/ Any other reputed institute
18	Parliamentary Procedure	3D	PRIDE
19	Project Work discussion & allocation of topics as well as Mentor	2W2D	
20	National/Internal Security, Data Security & Forensic Science	1	NFSU, Gandhi Nagar / CDTI Jaipur/NPA, Hyderabad
21	Macroeconomic Diagnostics (MDS) and Financial Programming & Policies (FPP).	3	SAARTAAC, New Delhi
22	Ethics, and Integrity in Public Service	1	IIT Mumbai/NIT Warangal/IISc Bangalore/ IC Centre for Governance, Panchgani/CDAC, Pune/Any other reputed institute
23	Foreign visit/exposure to developed NSOs*	1	International

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

			Institutes/NSOs
24	Probationary Training Completion Formalities at NSSTA	1	NSSTA
	Phase - I – Completion (Total = sum of 1 to 26)	52	
25	Phase – II - On the Job Training cum field posting	26	At place of Posting
26	Phase- III (2 weeks)	2	
	Project Presentation from all Probationers	1	NSSTA
	Project report submission, review their field training experience, share key learnings and challenges encountered during field posting.	1	NSSTA
27	Phase-II – On the Job Training cum field posting (continued)	24	At place of Posting
	Total (= Phase I + II + III)	104	

Note: Presentations by ISS Probationers during training programmes at other institutes will be mandatory as part of their assessment.

Annexure- VII

Training Programmes for Induction of Junior Time Scale (JTS) officers promoted from SSS

S. No.	Course Title	Institute	Contents*	Duration
1	Official Statistics & Related Statistical Methodology	NSSTA, Greater NOIDA	National Accounts Statistics, Price Statistics, Industrial Statistics, Agriculture & Allied Sector Statistics, Finance & Trade Statistics, Social Sector Statistics (Education, Health), Labour Statistics, Sampling Design in large survey, Design in current rounds of NSS, and Ensuring data Quality in NSS Surveys, etc.	One week
2	DFPR, GFR,	NSSTA,	Introduction to GFR, Delegation of Financial	One week

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

	Public Procurement-	Greater NOIDA/ AJNIFM/ ISTM	Power Rules (DFPRs), Principles & Practices of Public Expenditure Management, Public Procurement- Fundamentals, Tendering & Evaluation Process, Government e-Market Place (GeM), etc.	
3	Office Management including Office Procedures & Communication	NSSTA, Greater NOIDA/ AJNIFM/ ISTM	Overview of the Office Administration, Office Management, e-office, PFMS, e-bill, Travel Rules, LTC, Medical Rules and Leave Rules, Basics of Noting and Drafting, exposure to Right to Information Act, Rajbhasha Policy, Conduct Rules, Vigilance Rules, CCS Rules, Management of Files and Diarisation including PUC, Familiarisation of APAR	One week
4	Fundamentals of Data Management & Data Analysis	NSSTA, Greater NOIDA	MS Office, e-Office, Exposure to AI and Data Harmonization, use of AI tools, data extraction from various rounds of NSS, Data Visualization etc.	One week

*The Contents for the above training programme is tentative. It may vary based on the requirement.

Annexure- VIII**Coverage of the Induction Training Programme of SSS officers (JSOs)**

The training programme will consist of following topics/Modules:

(a) Domain Competencies:

S. No.	Topic
1	Statistical System in India
2.	Basic Statistics
3	Survey Methodology
4	Agricultural & Allied Statistics
5	Industrial Statistics
6	Economic Statistics
7	Demographic & Social Statistics
8	Miscellaneous

(b) Functional Competencies:

S. No.	Topic
1	Computer & its Applications
2	Office Procedures
3	Miscellaneous

(c) Behavioural Competencies:

Annexure- IX**Refresher courses for in-service SSS officers for the financial year 2026-27**

S. No.	Course Title	Proposed Institute	Content	Duration
A. Training Programmes to be conducted for in-service JSOs				
1	e-Office with special emphasis on hands-on practice	ISTM/NIC/NSSTA	Basics of e-Office, various features and hands-on practice, office procedure, noting & drafting.	At most one week
2	GFR with special emphasis on Procurement of Goods & Services	AJ-NIFM, Faridabad/ASCI, Hyderabad	Basics of General Financial Rules pertinent to the office work of SSS officers with emphasis on rules on procurement of goods and services.	One week
3	Application of remote sensing, GIS in official statistics	Indian Institute of Remote Sensing (IIRS), Dehradun / National Remote Sensing Centre (NRSC) Hyderabad / Space Applications Centre (SAC) Ahmedabad/NESAC, Meghalaya	Concept of remote sensing with GIS mapping and tools of disaster management, UFS applications. Basics of GIS, GPS and their operations, Digital Image Processing, Multi Criteria Analysis using GIS, Smart sampling using geospatial technology, Crop Acreage Estimation using geospatial technology, Space Technology Applications in Crop Cutting Experiment, GIS Analysis of Census Data, Geo-spatial Technology applications in smart Governance, UAV Remote Sensing Applications, Exposure to alternate data sources like scanner data, mobile data, GIS, nightlight data, web-scraped data etc and its use for policy formulation	One week
4	Course on Machine Learning using Python	IIT Madras/IITSC Bengaluru / IIT Kharagpur / C.R. Rao AIMSCS, Hyderabad / IIT Mumbai / IIT Delhi	Commands in Python, Lambda function, Map, Filter, Reduce, String formatting, Tuples, Lists, Dictionaries, Sets and Mutability, List and Dictionary Comprehensions, File operations, Modules and Packages, Error and Exception handling, Mini Project,	One week

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

			Packages for Data Science, NumPy, Pandas, Packages for Data Science, Pay plot, seaborn, sci-py, stats models, Packages for EDA-sci-kit learn, Importing Data, Data Pre-Processing, Packages for EDA-sci-kit learn, Types of Learning, Types of Models, Model Building.	
5	Team Building and Leadership through Adventure Sports activities (Trekking cum training)	Jawahar Institute of Mountaineering and Winter Sports (JIM & WS) Jammu and Kashmir / Nehru Institute of Mountaineering (NIM), Uttarkashi/ Atal Bihari Vajpayee Institute of Mountaineering and Allied Sports (ABVIMAS), Manali (HP) / Himalayan Mountaineering Institute (HMI) Darjeeling	Environmental awareness, disaster management, team spirit, capacity building, and Swachh Bharat Campaign.	One week
6	National Security System and Cyber Security	NFSU, Gandhinagar /CDTI Jaipur/Ghaziabad/ Sardar Vallabhbhai Patel National Policy Academy (SVPNPA), Hyderabad	Concept of National Security, tool of Cyber security, Data Security, Introduction to Privacy & significance of Anonymity over Internet, Types of Social Networks and related crimes, Prevention of Corruption Act, Tools and techniques to secure personal devices/ data, Types of Financial Frauds and their modus operandi, Best practices of Cyber Hygiene & Cyber Security, Introduction to Forensic Science- and its importance in Crime Investigation, Forensic Science and Statistics as partners in Criminal Justice System	One week
7	Soft Skills, Personality Development, Professional Excellence	ISTM/ State DES/ Any other relevant Institute	Goals for Specific Communications, most effective methods of delivery, Communication Process, Foundation Tools, one on one	One week

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

			and with groups, Barriers to Effective Communications, Communication Skills, skills to communicate with impact, Influencing Techniques, using techniques and strategies to influence other behaviours and develop more collaborative working relationships, Planning a Communication Strategy, Face to Face and Virtual Facilitation/Meeting Communication Skills	
8	Pay fixation and Income tax calculation	NSSTA/ISTM/AJ-NIFM	Various provisions on Fixation of Pay under different circumstances, Fixation of pay w.e.f. the date of promotion and w.e.f. the date of next increment (DNI), Financial Effects of Penalties, Modified Assured Career Promotion (MACP), and NFU, NFSG, and calculation of income tax and savings	One week
9	Data security and appropriate use of AI in the Government setup	NSSTA/ISTM/C.R. Rao IIT Hyderabad/ Madras/IIT Mumbai	Importance of Data, how to ensure security of data, and fundamentals of AI, its capabilities and limitations, recognize ethical considerations and challenges in using AI in Government Operations.	One week
10	Office Procedure	NSSTA/ISTM	Noting, Drafting, Various forms of Communication, RTI matters, Handling Parliament Questions, and other related topics	At most one week
11	Stress Management through Blissful Living	The Art of Living Bengaluru / Isha Foundation, Coimbatore, Tamil Nadu	Challenges of life in a better & more effective way, handling the stress related to professional and personal life, and giving important insights in building competencies	One week
12	Ethics, and Integrity in Public Service	IIT Mumbai/NIT Warangal/IISc Bangalore/ IC Centre for Governance, Panchgani/CDAC, Pune/Any other reputed institute	Data Privacy- Understanding data privacy regulation and ethical consideration. Governance Model- Framework for data Governance and Quality Assurance, Inner Governance, Ethical Challenges,	One week

B. Training Programmes to be conducted for in-service SSOs				
1	e-Office with special emphasis on hands-on practice	ISTM/NIC/NSSTA	Basics of e-office, various features, and hands-on practice, office procedure, noting & drafting.	At most one week
2	GFR with special emphasis on Procurement of Goods & Services	AJ-NIFM, Faridabad/ASCI, Hyderabad	Basics of General Financial Rules pertinent to the office work of SSS officers with emphasis on rules on procurement of goods and services.	One week
3	Application of remote sensing, GIS in official statistics	Indian Institute of Remote Sensing (IIRS), Dehradun / National Remote Sensing Centre (NRSC) Hyderabad / Space Applications Centre (SAC) Ahmedabad/NESAC, Meghalaya	Concept of remote sensing with GIS mapping and tools of disaster management, UFS applications. Basics of GIS, GPS and their operations, Digital Image Processing, Multi Criteria Analysis using GIS, Smart sampling using geospatial technology, Crop Acreage Estimation using geospatial technology, Space Technology Applications in Crop Cutting Experiment, GIS Analysis of Census Data, Geo-spatial Technology applications in smart Governance, UAV Remote Sensing Applications, Exposure to alternate data sources like scanner data, mobile data, GIS, nightlight data, web-scraped data etc and its use for policy formulation	One week
4	Handling Large-Scale Data & Data Analysis using R	IIT Kanpur / IASRI New Delhi / IIT Kharagpur	Practical orientation to data analysis in R, including basic descriptive analysis, regression analysis, logistic / log-linear analysis, factor analysis, cluster analysis - preferably using live NSSO / Census data, handling of unit-level data of NSSO, including understanding concept and use of multipliers and estimation procedure.	One week
5	Communication Skill Development	ISTM/ IIMs/ State DES/ Any other relevant Institute	Goals for Specific Communications, most effective methods of delivery, Communication Process,	One week

			Foundation Tools, one on one and with groups, Barriers to Effective Communications, Communication Skills, skills to communicate with impact, Influencing Techniques, using techniques and strategies to influence other behaviours and develop more collaborative working relationships, Planning a Communication Strategy, Face to Face and Virtual Facilitation/Meeting Communication Skills	
6	Course on Machine Learning using Python	IIT Madras/IISc Bengaluru / IIT Kharagpur / C.R. Rao AIMSCS, Hyderabad / IIT Mumbai / IIT Delhi	Commands in Python, Lambda function, Map, Filter, Reduce, String formatting, Tuples, Lists, Dictionaries, Sets and Mutability, List and Dictionary Comprehensions, File operations, Modules and Packages, Error and Exception handling, Mini Project, Packages for Data Science, NumPy, Pandas, Packages for Data Science, Pay plot, seaborn, sci-py, stats models, Packages for EDA-sci-kit learn, Importing Data, Data Pre-Processing, Packages for EDA-sci-kit learn, Types of Learning, Types of Models, Model Building.	One week
7	Stress Management through Blissful Living	The Art of Living Bengaluru / Isha Foundation, Coimbatore, Tamil Nadu/IIYM, Sonipat, Haryana	Challenges of life in a better & more effective way, handling the stress related to professional and personal life, and giving important insights in building competencies	One week
8	Team Building and Leadership through Adventure Sports activities (Trekking cum training)	Jawahar Institute of Mountaineering and Winter Sports (JIM & WS), Jammu and Kashmir / Nehru Institute of Mountaineering (NIM), Uttarkashi/ Atal Bihari Vajpayee Institute of Mountaineering and Allied Sports (ABVIMAS), Manali (HP) / Himalayan	Environmental awareness, disaster management, team spirit, capacity building, and the Swachh Bharat Campaign.	One week

No. L-14011/02/TPAC/2022-23/NSSTA (e-56443)

		Mountaineering Institute (HMI) Darjeeling		
9	National Security System and Cyber Security	NFSU, Gandhinagar /CDTI Jaipur/Ghaziabad/ Sardar Vallabhbhai Patel National Policy Academy (SVPNPA), Hyderabad	Concept of National Security, tool of Cyber security, Data Security, Introduction to Privacy & significance of Anonymity over Internet, Types of Social Networks and related crimes, Prevention of Corruption Act, Tools and techniques to secure personal devices/ data, Types of Financial Frauds and their modus operandi, Best practices of Cyber Hygiene & Cyber Security, Introduction to Forensic Science- and its importance in Crime Investigation, Forensic Science and Statistics as partners in Criminal Justice System	One week
10	Data security and appropriate use of AI in the Government setup	NSSTA/ISTM/C. R Rao, Hyderabad/ IIT Madras/ IIT Mumbai	Importance of Data, how to ensure security of data, and fundamentals of AI, its capabilities and limitations, recognize ethical considerations and challenges in using AI in Government Operations.	One week
11	Pay fixation and Income tax calculation	NSSTA/ ISTM/ AJ-NIFM	Various provisions on Fixation of Pay under different circumstances, Fixation of pay w.e.f. the date of promotion and w.e.f. the date of next increment (DNI), Financial Effects of Penalties, Modified Assured Career Promotion (MACP), and NFU, NFSG, and calculation of income tax and savings	One week
12	Ethics, and Integrity in Public Service	IIT Mumbai/ NIT Warangal/ IISc Bangalore/ IC Centre for Governance, Panchgani/CDAC, Pune/Any other reputed institute	Data Privacy- Understanding data privacy regulation and ethical consideration. Governance Model- Framework for data Governance and Quality Assurance, Inner Governance, Ethical Challenges,	One week
